

**OPEN YOUR EYES AND LOOK AT THE FIELDS!
THEY ARE RIPE FOR HARVEST** —John 4:35

It's been over 3 decades now since I wrote my very first missionary support letter. It was to support the 6 month outreach tour I would take throughout Europe back in 1984. Only 2 1/2 years old in the Lord, it would be a trip that would change the course of my life forever. It was mind blowing to see the favor God was giving us, along with the openness of the youth to the gospel. I couldn't do anything else but return year after year, and go through those God appointed doors where the truth was being received effectively. Those doors would eventually lead us to planting the first Calvary Chapel in Western Europe just 4 years later in 1988.

A WIDE DOOR FOR EFFECTIVE SERVICE —I Co 16:9

Now after 25 years of living in Germany, and a 5 year sabbatical in the States. Sue and I have been asked to take the leadership of "Schloss Heroldeck." Calvary Chapels retreat center in Millstatt, Austria. Once there, we hope to finish a lifelong dream and establish a school of discipleship/evangelism & music ministry. For us, this is an even wider open door to minister to Europe effectively.

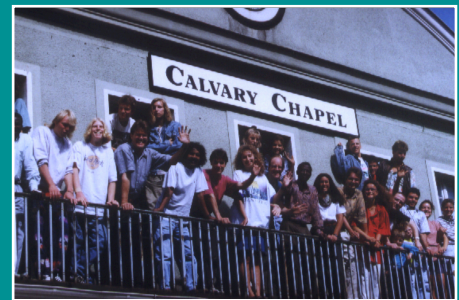

TO FINISH HIS WORK Jn 4:34

In January of 2018, Sue and I move back to Europe, and we're calling upon those who might consider partnering with us. Please pray about being a part of our home support team, both prayerfully and practically. There's no way we can do this without a team on the Homefront sending us out.

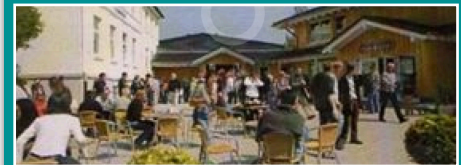

Some fell on good earth, and produced a harvest beyond his wildest dreams. Matthew 13:8
